

## **A NOTICE TO ALL BOOKMAKERS WHO BET FROM A RAILS POSITION**

R.B.A. (Joint Management) Ltd is the company responsible for the supply and maintenance of Rails Joints and accompanying equipment. The nominal charge of £5 + VAT per day enables us to maintain the joints to a standard that ensures that when working all bookmakers can rely on a joint fit for purpose.

It is with regret that due to the escalating abuse and misappropriation of Rails equipment that the company will now implement a policy of zero tolerance against any person caught either abusing or removing any equipment whatsoever from any Rails position.

A successful prosecution could result in a criminal record which under the terms of your licence must be reported to the Gambling Commission.

We would ask all Bookmakers who bet on the Rails to work with us to help eradicate what appears to be an escalating problem.

Good Luck for a successful 2015 Season

**R.B.A. (Joint Management) Ltd**
